

Fullsolv Orange 95 *Natural Degreaser*

description:

Fullsolv Orange 95 is a natural citrus solvent degreaser that can be safely used for extremely heavy duty cleaning and degreasing jobs. A powerful degreaser that penetrates the most difficult soils, **Fullsolv Orange 95** has a natural citrus fragrance that eliminates objectionable odors and leaves a pleasant, fresh scent.

features and benefits:

- Natural Solvent Degreaser
Non-corrosive, biodegradable, phosphate free degreaser. Replaces many chlorinated and petroleum solvents such as trichlorethylene, toluene, etc... used in the industrial environment for cleaning and degreasing.
- 100% Active Ingredients
A blend of 95% d-Limonene and 5% surfactants. Maximum formulation for grease cutting and soil removal.
- Versatile
Apply with sprayer, mop, sponge or brush to dissolve difficult soils, i.e. adhesives, gum, carbon deposits, creosote, tar, inks, petroleum based grease and oils and cosmoline. Can be used in cold dip tanks and parts washing.
- Pleasant Scent
Leaves behind a pleasant citrus fragrance.
- Ready-to-Use
No mixing or diluting required. Simple, convenient, easy to use package stores easily and is always ready to use.
- Simple to Use
Reduces employee training time. Makes employees more effective at their jobs.
- Free-Rinsing
Dries film free after rinse with cold or hot water. Suitable for rinse with hose, pressure washer or steam.

target markets:

Fullsolv Orange 95 is recommended for use in schools, hotels, hospitals, factories, machine shops, offices, busses, restrooms, etc. Trouble spots where accumulation of grease and grime are a problem. Can also be used as a "sticky stuff" remover (gum, tar, dirt, etc.) from hard surfaces as well as carpet.

942PIB-1000

demonstration tips:

Demonstrate on soiled surface. Spray **Fullsolv Orange 95** directly onto surface. Wipe, pick up or rinse thoroughly. Note soil lifting capabilities and fresh citrus fragrance. For items such as machinery, spray directly on surface and allow 5 minutes for solution to penetrate grease and grime. Optional scrubbing with a brush may be helpful. Rinse with water. Note grease and grime cutting characteristics
