

Sidewinder Stripping System

Experience the productivity of propane.

24" Sidewinder and 30" Sidewinder

Sidewinder's three individually-powered brushes dig out the dirt with unmatched speed and aggressiveness. The system allows you to apply strip solution 3 times faster, scrub twice as aggressively and retrieve spent solution in half the time.

Planetary Rotation Brush Drive

FAST:

Strips 15,000 (or scrubs 30,000) square feet per hour with a 30" path and brush speed up to 1,150 RPM. 1 1/2 times faster than the nearest competitor. Three times faster than battery powered.

AGGRESSIVE:

Unique dual direction scouring action plus heavy brush pressure result in high productivity, with no side torque.
